EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Jennifer Che on Aug. 23, 2007. Enter the following:

In claim 17, replace a typographical error "diabetes" with --type II diabetes--.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: Claims 1-11, 14, 17, 19-21 and 26 are free from prior art. Applicants have overcome all outstanding rejection raised in the previous Office Action (5/14/2007). Applicant's argument is sufficient enough to overcome the obviousness-type double patenting rejection that was raised in said previous Office Action (item 5). The requirement for the pyridyl substitution is different for the instant claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
